Implementation consultant who maps client operating and finance workflows, configures cloud systems to match them, and stays through testing, training, and hypercare.

EXPERIENCE

LaunchPage Studios

New York, NY / New Jersey

Founding Engineer

Oct 2025 – Present

- Embedded with Alex Road Service (Keasbey, NJ) and implemented the shop financial path: estimates, invoices, Stripe Checkout, webhooks, and refunds, plus more than 20 operations screens with role-based access for admin, office, and technician staff.
- Wrote the post-sale delivery playbook: requirements intake, user-acceptance testing with client staff, role-based training, and hypercare so the same platform can be stood up for the next shop.
- Delivered TaxTacker, a tax-record system for freelancers covering tax-year workspaces, income and expense tracking, documents, exception reports, and export.
- Launched Insightful Care Solutions, a production telepsychiatry site with intake, scheduling handoff, and owner operating documentation. Live: insightfulcare.solutions.

BariAccess (TREI)

New York, NY / Remote

Software Engineer (one of two primary engineers)

Jun 2025 – Present

- Embedded with Bariatric Associates to implement identity, consults, membership, staff admission, scheduling, and payments, and revised the design when clinic workflow did not match the original specification.
- Integrated Entra, Key Vault, Service Bus, Calendly, and wearable adapters on Azure staging.

FITD

New York, NY

Founder and Engineer

2025 – Present

- Led brand onboarding for a fashion platform: catalog schema for approximately 57 brands and 16,500 SKUs, an administration CRM, and an in-store kiosk concept.
