

Zakiy T. Manigo

+1 (908) 230-6948 | zakiymanigo@gmail.com | NY / NJ | linkedin.com/in/zakiymanigo

I turn an unclear need into contracts, code, and a release that still holds when something goes wrong, whether that is a vendor, a clock, or a user. I am strongest on TypeScript product systems, and I have shipped Swift, React Native, Firebase, and Azure with the same care. I completed a Columbia B.S. in Computer Engineering through the Combined Plan and I am based in New York / New Jersey.

RELEVANT EXPERIENCE

BariAccess Livingston, NJ / Hybrid
Software Engineer June 2025 – Present

- Served as one of two primary engineers building production TypeScript across API, worker, website, staff console, and iPhone for TREI (trei.care), with tests, CI, and fail-closed gates.
- Owned production-hard paths including delayed scheduling creates, Stripe event ordering, wearable disconnect versus outage, webhook idempotency, and stale-load guards.
- Operated Azure Container Apps staging with Entra, Key Vault, and Service Bus, and shipped TestFlight-oriented iOS builds on the same release habit.
- Landed schema migrations and fail-closed ABA, a medical AI assistant and companion being built for TREI in BariAccess, on the same path so a model miss does not open an unguarded clinic surface.

City of Elizabeth Elizabeth, NJ
Database Engineer Intern May 2024 – September 2024

- Administered MongoDB and Excel document stores supporting a knowledge-sharing network used by more than 500 municipal staff.
- Automated reporting pipelines and improved data flow across departments so shared records could be reused without a manual handoff.

PROJECTS

LaunchPage Studio Remote
Founding Engineer October 2025 – Present

- Built Automotive Operations System as a shop operations platform with role-based access, server-owned writes, sequential IDs, optimistic concurrency, Stripe Checkout and refunds, security-rules tests, and GitHub Actions on Firebase Hosting.
- Shipped TaxTracker Pro as a tax-record organizer with Stripe, store IAP, App Check, Crashlytics, Firestore and Storage rules, CSP, and GitHub Actions.
- Shared one account, one data model, and one billing state across TaxTracker Pro's React 18 web client and Expo iOS / Android apps.

FITD AI Remote
Founder and Engineer May 2024 – Present

- Shipped a multi-surface fashion product on SwiftUI iOS and Firebase / GCP, with StoreKit 2 and App Check on the same account path.
- Operated Cloud Functions, Firestore rules, and catalog operations for approximately 57 brands so the catalog stays consistent across clients.

Local AI Remote
Product Engineer August 2026 – Present

- Built an offline Windows client for local models, documents, and retrieval, with installer-tested releases a user can run without a cloud account.
- Ran llama.cpp as a child process under Tauri, Rust, and React, with chats persisted in SQLite.

FitGenius Remote
Founding Technical Partner May 2026 – Present

- Shipped a consumer fitness app with mobile and Cloud Functions tests, Firebase rules tests, and CI so each slice lands behind the same checks.
- Ran GitHub Actions on Expo / React Native and Firebase so the next release can be verified without a hand-built exception path.

EDUCATION

Columbia University New York, NY
Bachelor of Science in Computer Engineering May 2025

Fu Foundation Combined Plan 3+2

Computer Architecture, Databases, AI, Embedded Systems, and UI Design

St. Lawrence University Canton, NY
Bachelor of Arts in Mathematics May 2023

Dean's List, Spring 2022

Calculus, Linear Algebra, Differential Equations, and Group Theory

James Cook University Townsville, QLD, Australia
Undergraduate Exchange Fall 2022

Statistical Data Mining, Probability and Stochastic Processes, Game Design, and Human Rights

SKILLS/INTERESTS

Skills: TypeScript, JavaScript, Python, Swift, SQL, C / C++, Java, HTML / CSS, React, Expo, Fastify, PostgreSQL, Firebase / GCP, Azure, Stripe, GitHub Actions

Interests: calisthenics, gym, running, basketball, golf, snowboarding, hiking, skeet, pop/R&B production, cooking, journaling, travel, poker

Community: Siloam-Hope First Presbyterian; NAACP Elizabeth Branch; Supervising Tutor, Central Presbyterian Church
