+1 (908) 230-6948 | zakiymanigo@gmail.com | NY / NJ | linkedin.com/in/zakiymanigo

I sit with a customer, learn how they actually run the day, and stay until the software is live in their building. I ship the web, phone, and API so identity, payments, scheduling, and a guarded assistant work for the staff who already do that work. I completed a Columbia B.S. in Computer Engineering through the Combined Plan and I am based in New York / New Jersey.

RELEVANT EXPERIENCE

BariAccess

Livingston, NJ / Hybrid

Software Engineer

June 2025 – Present

- Served as one of two primary engineers embedded with Bariatric Associates on TREI (trei.care), covering identity, consults, membership, staff admission, scheduling, and payments.
- Revised those clinic workflows when operations changed, with the decision records kept in the product so staff could keep running the same path.
- Integrated Calendly, Stripe sandbox, Spike wearables, and a fail-closed ABA assistant into the last-mile clinic loop rather than leaving them as side tools.
- Shipped patient web, iPhone, staff console, Fastify API, PostgreSQL, and a worker/outbox from one TypeScript monorepo so the practice runs a single product.

City of Elizabeth

Elizabeth, NJ

Database Engineer Intern

May 2024 – September 2024

- Administered MongoDB and Excel document stores supporting a knowledge-sharing network used by more than 500 municipal staff.
- Automated reporting pipelines and improved data flow across departments so shared records could be reused without a manual handoff.

PROJECTS

LaunchPage Studio

Remote

Founding Engineer

October 2025 – Present

- Sat with the shop operator and shipped Automotive Operations System as the public marketing site plus more than twenty operations screens covering estimates through refunds and role-based access.
- Wrote the post-sale delivery playbook for Automotive Operations System, including intake, user-acceptance testing with real staff, role-based training, and hypercare so the next shop can be stood up from the same path.
- Built TaxTracker Pro inside the studio as a tax-record organizer with tax-year workspaces, documents, exception reports, Stripe billing, and a CPA export package.

FITD AI

Remote

Founder and Engineer

May 2024 – Present

- Shipped a production fashion hub on iOS and Firebase / GCP, including catalog operations for approximately 57 brands that a later operator can run.
- Put applied-model features behind Cloud Function proxies, quotas, moderation, and kill switches so labeling, styling, and community bots stay inside product gates.

Insightful Care Solutions

New Jersey

Sole Engineer

October 2025 – July 2026

- Shipped a production telepsychiatry site with intake, scheduling handoff, and owner operating documentation. Live: insightfulcare.solutions.
- Sat with the practice on services, insurance copy, and crisis resources so staff could run the live site after launch.

Local AI

Remote

Product Engineer

August 2026 – Present

- Built an offline Windows desktop client for local GGUF models, documents, and retrieval-augmented generation so a user can work without a cloud account.
- Shipped a first-run wizard, model library, and NSIS installer so the product can be handed to a user as a desktop app rather than a development checkout.

EDUCATION

Columbia University

New York, NY

Bachelor of Science in Computer Engineering

May 2025

Fu Foundation Combined Plan 3+2

Computer Architecture, Databases, AI, Embedded Systems, and UI Design

St. Lawrence University

Canton, NY

Bachelor of Arts in Mathematics

May 2023

Dean's List, Spring 2022

Calculus, Linear Algebra, Differential Equations, and Group Theory

James Cook University

Townsville, QLD, Australia

Undergraduate Exchange

Fall 2022

Statistical Data Mining, Probability and Stochastic Processes, Game Design, and Human Rights

SKILLS/INTERESTS

Skills: customer-embedded build, UAT, runbooks, last-mile integrations, TypeScript, React, Expo, Fastify, PostgreSQL, Firebase, Azure, Stripe, Swift, Azure OpenAI, Gemini / Vertex AI, llama.cpp

Interests: calisthenics, gym, running, basketball, golf, snowboarding, hiking, skeet, pop/R&B production, cooking, journaling, travel, poker

Community: Siloam-Hope First Presbyterian; NAACP Elizabeth Branch; Supervising Tutor, Central Presbyterian Church
